Experience

Web- Developer (Freelancer)

Berlin / Jul 2022 – Now

- Built a Full-Stack Native App (Android and IOS) for a Security Company, to keep track of the field operations of the Protections Teams.
- Built a Full-Stack SPA for an E-Commerce Platform, where users could create a Business and load Products to bring clients.
- Built an internal web app for a small Hotel to manage the room's availability, which reduced up to 60% workers and manager's time.

Web- Developer (Volunteer - Freelancer)

Berlin / Dec 2019 – Jul 2022

- Created a Google Chrome Extension for a company to scan and get product details on Amazon's website, decreasing up to 80% operations time.
- Developed SPA and Extensions with ReactJS, Typescript, SASS as basic HTML, CSS and Javascript for Frontend and Node.js, Express.js and MongoDB for the Backend

Navy Marines Officer and Civil Military Engineer

Venezuela / Jul 2002 – Dec 2020

- Directed Head Operations on Civil Construction Projects and Military Operations for an Engineering Military Brigade.
- Grounded the Leadership and Team roll player managing 15 members with over 10 Construction Projects.
- Created strategies to follow up to achieve goals for 6 Battalions.
- Cultured logical thinking to plan 90% efficient possible solutions, to be presented to the CEO.
- Constructed several construction projects as a Tunnel for Logistic and Strategic Purposes and a Local High School, from the beginning to final stage, managing up to 100 workers.
- Kept active communication with clients with whom I negotiated different types of requirements for over 15 projects.

Owner Ebay Store (USA)

Online / May 2017 – Dec 2019

- Managed up to 5,500 sales, contact with up to 7,000 customers, developing good Customer Service skills.
